Art Unit: 1755

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ludwig on February 8, 1999.

The application has been amended as follows:

Claim 8, line 3, delete "is" and replace with "are".

Claim 10, line 3, delete "is" and replace with "are".

The following is an examiner's statement of reasons for allowance:

The prior art of record, either alone or in combination, fails to anticipate or render obvious the herein claimed composition and method for the production thereof. The prior art fails to teach or suggest the claimed reducing property and the specification and examples clearly demonstrate such reducing property to result in a distinct and patentable composition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1755
